Your child may have a dental check-up during this school year to assess his/her fitness to attend school. Please complete Section 1 and take the form to your dentist for an assessment. If your child had a dental check-up before he/she started the school, ask your dentist to fill out Section 2. Return the completed form to the school's medical director or school nurse as soon as possible

I understand this assessment is only a limited means of evaluation to assess the student's dental health, and I would need to secure the services of a dentist in order for my child to receive a complete dental examination with x-rays if necessary to maintain good oral health. I also understand that receiving this preliminary oral health assessment does not establish any new, ongoing or continuing doctor-patient relationship. Further, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.

**Christopher Kauter**  
District Administrator for  
Instructional Technology

Dear Parent/Guardian:

As a new school year begins, we are required to review the Deer Park School District's Acceptable Use Policy (AUP) with you and your child. The AUP requires that every student who accesses the district's computer network and browses the Internet during school to turn in a parent/student signed AUP. The AUP is enclosed with this letter and should be read by both parent/guardian and student. It must be renewed each and every school year.

Through the district's computer network, students have access to a wealth of databases and educational resources worldwide. The Deer Park School District maintains a web filter that is designed to block access to inappropriate websites, however, keep in mind that no web filter is 100% effective. Our staff will remain vigilant in monitoring student access to the Internet and inform my office of potentially inappropriate websites, which we can block. As a district, we believe that the benefits to the students from access to the Internet, in the form of educational resources and opportunities for collaboration, exceed the disadvantages. District personnel will continue to provide students with computer and Internet safety lessons to ensure that our students have the tools they need to be safe and successful learners in the 21<sup>st</sup> Century.

Please review the AUP with your child and sign the form on the last page agreeing to comply with Deer Park School District's computing policies. **Only** the signed last page should be returned to your child's homeroom teacher (or English teacher at the High School). Any student who does not have a signed AUP by the required date will have their computer network access deactivated and will be unable to access the school computers until the signed AUP is received.

Yours In Education,

Christopher Kauter  
District Administrator for Instructional Technology

Users of the district's computer network and the Internet use information at their own risk. Each user is responsible for verifying the integrity and authenticity of the information.

The district will not be responsible for any damages suffered by any user, including, but not limited to, loss of data resulting from delays, non-deliveries, misdeliveries, or service interruptions caused by the user's own negligence or any other errors or omissions. The district also will not be responsible for unauthorized financial obligations resulting from the use of or access to the district's computer network or the Internet.

The district will take reasonable steps to protect the information on the network and provide a secure network for data storage and use, including ensuring that contracts with vendors address data security issues and that district officials provide appropriate oversight. Even though the district may use technical and/or manual means to regulate access and information, these methods do not provide a foolproof means of enforcing the provisions of the district policy and regulation.

# 2016-17 School Year New York State Immunization Requirements for School Entrance/Attendance<sup>1</sup>

**NOTES:**

Children in a prekindergarten setting should be age-appropriately immunized. The number of doses depends on the schedule recommended by the Advisory Committee on Immunization Practices (ACIP). For grades Pre-k through 8, intervals between doses of vaccine should be in accordance with the ACIP-recommended immunization schedule for persons 0 through 18 years of age. (Exception: intervals between doses of polio vaccine need to be reviewed only for grades prekindergarten, kindergarten, 1, 2, 6, 7 and 8.) Doses received before the minimum age or intervals are not valid and do not count toward the number of doses listed below. Intervals between doses of vaccine DO NOT need to be reviewed for grades 9 through 12. See footnotes for specific information for each vaccine. Children who are enrolling in grade-less classes should meet the immunization requirements of the grades for which they are age equivalent.

**Dose requirements MUST be read with the footnotes of this schedule.**

Vaccines	Prekindergarten (Day Care, Head Start, Nursery or Pre-k)	Kindergarten and Grades 1 and 2	Grades 3, 4 and 5	Grades 6, 7 and 8	Grades 9, 10, 11 and 12

Tetanus and Diphtheria toxoid-containing vaccine and Pertussis vaccine booster (Tdap) <sup>3</sup>	Not applicable		1 dose		
Polio vaccine (IPV/OPV) <sup>4</sup>	3 doses	4 doses or 3 doses if the 3rd dose was received at 4 years of age or older	3 doses	4 doses or 3 doses if the 3rd dose was received at 4 years of age or older	3 doses
Measles, Mumps and Rubella vaccine (MMR) <sup>5</sup>	1 dose	2 doses			
Hepatitis B vaccine <sup>6</sup>	3 doses	3 doses or 2 doses of adult hepatitis B vaccine (Recombivax) for children who received the doses at least 4 months apart between the ages of 11 through 15 years of age			
Varicella (Chickenpox) vaccine <sup>7</sup>	1 dose	2 doses	1 dose	2 doses	1 dose
Meningococcal conjugate vaccine (MenACWY) <sup>8</sup>	Not applicable			By Grade 7: 1 dose	Grade 12: 2 doses or 1 dose if the dose was received at 16 years of age or older
Haemophilus influenzae type b conjugate vaccine (Hib) <sup>9</sup>	1 to 4 doses	Not applicable			
Pneumococcal Conjugate vaccine (PCV) <sup>10</sup>	1 to 4 doses	Not applicable			

1. Demonstrated serologic evidence of measles, mumps, rubella, hepatitis B, varicella or polio (for all three serotypes) antibodies is acceptable proof of immunity to these diseases. Diagnosis by a physician, physician assistant or nurse practitioner that a child has had varicella disease is acceptable proof of immunity to varicella.
2. Diphtheria and tetanus toxoids and acellular pertussis (DTaP) vaccine. (Minimum age: 6 weeks)
  - a. Children starting the series on time should receive a 5-dose series of DTaP vaccine at ages 2 months, 4 months, 6 months and at 15 through 18 months and at 4 years of age or older. The fourth dose may be received as early as age 12 months, provided at least 6 months have elapsed since the third dose. However, the fourth dose of DTaP need not be repeated if it was administered at least 4 months after the third dose of DTaP. The final dose in the series must be received on or after the fourth birthday.
  - b. If the fourth dose of DTaP was administered at age 4 years or older, the fifth (booster) dose of DTaP vaccine is not required.
  - c. For children born before 1/1/2005, only immunity to diphtheria is required and doses of DT and Td can meet this requirement.
  - d. Children ages 7 through 10 years who are not fully immunized with the childhood DTaP vaccine series should receive Tdap vaccine as the first dose in the catch-up series; if additional doses are needed, use Td vaccine. A Tdap vaccine (or incorrectly administered DTaP vaccine) received at 7 years or age or older will meet the 6th grade Tdap requirement.
  - e. For children 7 years of age or older who received the first dose on or after their first birthday, the immunization requirement is 3 doses. If the first dose was received before their first birthday, then 4 doses are required.
3. Tetanus and diphtheria toxoids and acellular pertussis (Tdap) vaccine. (Minimum age: 7 years)
  - a. Students 11 years of age or older entering grades 6 through 12 are required to have one dose of Tdap. A dose received at 7 years of age or older will meet this requirement.
  - b. Students who are 10 years old in grade 6 and who have not yet received a Tdap vaccine are in compliance until they turn 11 years of age.
4. Poliovirus vaccine (IPV/OPV). (Minimum age: 6 weeks)
  - a. Children starting the series on time should receive a series of IPV at ages 2 months, 4 months and at 6 through 18 months, and 4 years of age or older. The final dose in the series must be received on or after the fourth birthday and at least 6 months after the previous dose.
  - b. For students who received their fourth dose before age 4 and prior to August 7, 2010, 4 doses separated by at least 4 weeks is sufficient.
  - c. If the third dose of polio vaccine was received at age 4 years or older and at least 6 months after the previous dose, the fourth dose of polio vaccine is not required.
5. Measles, mumps, and rubella (MMR) vaccine. (Minimum age: 12 months)
  - a. The first dose of MMR vaccine must have been received on or after the first birthday. The second dose must have been received at least 28 days (4 weeks) after the first dose to be considered valid.
  - b. Students in grades kindergarten through 12 must have received 2 doses of measles-containing vaccine, 2 doses of mumps-containing vaccine and at least 1 dose of rubella-containing vaccine.
  - c. One dose of MMR is required for prekindergarten.
6. Hepatitis B vaccine
  - a. Dose 1 may be given at birth or anytime thereafter. Dose 2 must be given at least 4 weeks (28 days) after dose 1. Dose 3 must be at least 8 weeks after dose 2 AND at least 16 weeks after dose 1 AND no earlier than 24 weeks of age.
