## The Common Core State Standards: Deer Park School District Curriculum and Instruction

## Deer Park 2016-2017 School District Directory & Calendar

### ABOUT THE STANDARDS

The Common Core State Standards Initiative is a state-led effort coordinated by the National Governors Association Center and the Council of Chief State School Officers. The Standards were developed in collaboration with teachers, school administrators and experts to provide a clear and consistent framework to prepare students for college and careers. The New York State Education Department, along with educators across New York State, are engaging in a comprehensive review of all Standards in grades pre-K through 12.

### THE COMMON CORE STATE STANDARDS:

- Provide educators, parents and students with a common understanding of what students are expected to learn and be able to do within their K-12 education.
- Prepare students with the knowledge and skills they need to succeed in college and careers in an increasingly integrated and competitive global economy.
- Set consistent expectations, regardless of a student's ZIP code.
- Reflect the need for a highly skilled workforce that has mastered academic content and is able to think critically, solve complex problems and communicate effectively.
- Are evidence- and research-based; they are informed by the most effective models from across the country and the world.

### COMMON CORE INSTRUCTIONAL SHIFTS

#### ELA SHIFTS

1. Read as much nonfiction as fiction.
2. Learn about the world by reading.
3. Read more challenging material closely.
4. Discuss reading using evidence.
5. Write nonfiction using evidence.
6. Increase academic vocabulary.

#### MATH SHIFTS

1. Build skills across grades.
2. Focus deeply on math concepts.
3. Apply math facts with speed and accuracy.
4. Develop deep conceptual understanding.
5. Apply math in real-world situations.
6. Think fast AND solve problems.

### COMMON CORE IMPLEMENTATION IN DEER PARK

The Common Core State Standards initiative will require time, patience and perseverance in its implementation. The Deer Park School District's transition to the Common Core is being led by a dedicated team of administrators and teachers. The district is committed to developing Common Core-aligned curricula with the whole child at the core of the educational experience. As a result of the best practice instruction in Deer Park, John F. Kennedy Intermediate School was selected to be featured on the New York State website [www.engageny.org](http://www.engageny.org) as a model of Common Core-aligned instruction.

### HOW PARENTS CAN SUPPORT COMMON CORE LEARNING

As a parent, you can help by: talking with your child, asking open-ended questions about what he or she learned in school each day, reading his or her homework, attending school events to learn about what teachers expect and emphasizing the importance of school.

### PARENT RESOURCES:

- The New York State Education Department has posted Common Core materials at [www.engageny.org](http://www.engageny.org).
- The National Parent Teacher Association offers grade-by-grade guides for Common Core State Standards, available in English and Spanish for grades K-8 and 9-12 at [www.pta.org/parents/content.cfm?ItemNumber=2583](http://www.pta.org/parents/content.cfm?ItemNumber=2583).

## VISITORS TO THE SCHOOLS

The Board recognizes that the success of the school program depends, in part, on support by the larger community. The Board wishes to foster a positive climate where members of the community have the opportunity to observe the hard work and accomplishments of the students, teachers and other staff. Since schools are a place of work and learning, certain limits must be set for such visits. The principal or his or her designee is responsible for all persons in the building and on the grounds. For these reasons, the following rules apply to visitors to the schools:

1. Anyone who is not a regular staff member or student of the school will be considered a visitor.
2. All visitors should call in advance, whenever possible, and make an appointment with the school employee they wish to visit.
3. All visitors to the school must enter through the designated single point of entry and show identification before entering. Upon verification of purpose of visit, admission will be granted. Upon entry, they will be required to sign the visitor's register and will be issued a visitor's identification badge, which must be worn at all times while in the school or on school grounds. The visitor must return the identification badge to the security desk before leaving the building.
4. Visitors attending school functions after regular school hours that are open to the public, such as parent teacher organization meetings or public gatherings, are not required to register, but must have proper ID readily available.
5. Visitors should not expect to take class time to discuss individual matters.
6. Any unauthorized person on school property will be reported to the principal. Unauthorized persons will be asked to leave. The police may be called if the situation warrants.
7. All visitors are expected to abide by the rules for public conduct on school property contained in the code of conduct, found on the district's website.
8. School facilities and grounds are primarily for the use of students. They are not available for public use during the hours that school programs are in progress.

### CONTINGENCY EMERGENCY CLOSING DAYS

**Contingency Make-up Day #1 is April 10, 2017. Contingency Make-up Day #2 is April 11, 2017.** School will be in session on these days if more than four snow days are used. In the event all snow days are not used, the district has the right to close for an extra day around the Memorial Day weekend.

### TELEPHONE ALERT SYSTEM

The district utilizes a telephone alert system called "School Messenger." The system enables the district to automatically send prerecorded phone messages to all Deer Park School District parents in a matter of minutes. It is commonly used to get important messages to parents in a timely manner, such as a school closure or school emergency.

### TRANSPORTATION

Transportation is provided in our district for students in kindergarten through grade 12 based on where they live in relation to the location of the school they are attending. **The following students are eligible for transportation to and from school:** students enrolled in kindergarten-grade 2 residing a distance of 1/4 mile or greater from their school; students in grades 3-5 residing a distance of 1/2 mile or greater from their school; students in grades 6-8 residing a distance of 1 mile or greater from their school; and students enrolled in grades 9-12 who reside a distance of 1.5 miles or greater from Deer Park High School.

Transportation eligibility according to distance limits is determined by careful measurement to provide absolute accuracy. We adhere scrupulously to the State Education Law and mileage limits adopted by the Board of Education and cannot make exceptions. All requests for nonpublic school transportation for the 2017-2018 school year must be filed no later than April 1, 2017.

Bus passes are issued to all students eligible for transportation and will be checked regularly. Students will not be admitted on a bus without a pass. The bus drivers are not responsible for the supervision of children before the child enters or after the child exits the bus. Therefore, for younger children in particular, it is imperative that an adult be present to receive them.

For questions concerning bus transportation, please call 631-274-4060.

These reports are available upon request from the plant facilities office. For more information, call Robert Woolsey, plant facilities administrator, at 631-274-4080.

### INTERNET POLICY

The Deer Park Union Free School District believes that the use of the Internet is an integral part of the educational process. Therefore, it should be viewed as a teaching and learning resource, as are approved textbooks and other curriculum-based tools.

The Deer Park Union Free School District utilizes Internet-filtering software to assist in the prevention of inappropriate sites and materials reaching the student. We believe that the best vigilance is provided by the professional and lay staff in our employ.

Should a parent/guardian wish for their child not to have access to this valuable resource, they may do so by not signing the Acceptable Use Policy form which is available in all our schools or on the district's website under the IT section. If they wish to rescind a previous Acceptable Use Policy, they may submit a letter to the building principal.

### PUPIL PERSONNEL SERVICES

In order to support services for students whose educational needs require special attention, the office of pupil personnel services provides professional assistance through the following programs: health services, psychological and social worker services, guidance and counseling, speech and language therapy, special education classes, attendance, home instruction, special education testing and evaluation, special transportation, the Committee on Special Education (CSE), and the Committee on Preschool Special Education (CPSE).

#### HEALTH SERVICES

Our district health services provide for the emergency care of pupils who become ill or injured while under school jurisdiction. School nurses also obtain and transmit medical information for special school programs and for monitoring of pupils with specific health problems. Additionally, they work with school staff and community agencies in maintaining healthful school environments.

In case of an emergency or when a child becomes ill during school hours, the school nurse will contact parents. It is important that parents complete the Household Verification Form, which provides the school with the name, address and telephone number of a person who can take care of the child if the

parent cannot be located. Please also update your email address. In addition, the name of the child's physician should be on file with his or her school health office in case of an emergency. State law prohibits the school nurse or other school personnel from administering medication to a child without a doctor's note. A parental request is NOT sufficient.

#### HEALTH EDUCATION

Health education has been mandated by the state for grade levels K-12.

The Deer Park School District has developed an AIDS curriculum, taught primarily in health classes. The curriculum deals with three areas:

- 1) What the disease is
- 2) How it is transmitted, and
- 3) Means of prevention.

By law, parents may have their child excluded from the prevention portion of the curriculum only. A written letter requesting the exclusion of the child must be sent to the building principal of the school the child attends.

#### IMMUNIZATIONS

In order to protect the health of all Deer Park students, it is recommended that any students traveling to countries where communicable diseases may be contracted, obtain all necessary immunizations before undertaking such travel.

**For a complete listing of required immunizations, please refer to pages 38-39.**

#### PHYSICAL/DENTAL EXAMINATIONS

New York State Education Law mandates that all new entrants and children in the following grades have a physical and dental examination by a licensed doctor: pre-K, kindergarten, second, fourth, seventh and 10th.

#### ATHLETIC EXAMINATIONS

All students participating in competitive athletics, cheerleading or kickline must have an annual, comprehensive physical examination by their family physician or by the school physician before participating in school sports. A health history update must also be completed before each sport and kept on file in the school health office.

#### PSYCHOLOGICAL/SOCIAL WORK SERVICES

Referrals for psychological and social work services are made by staff and parents. Psychologists offer consultation for referrals and are available for CSE diagnostic evaluations and to provide assistance for children whose learning difficulties or personal maladjustments seriously impact their school performance. When necessary, the services of the school social workers are included. Consultation services are then offered to parents and staff members in planning for individual pupils.

## PUPIL PERSONNEL SERVICES (CONTINUED)

### SCHOOL GUIDANCE COUNSELORS

Our school guidance counselors help to identify specific needs of students; encourage better interpersonal relationships; promote positive attitudes and choices; aid teachers and parents in helping students; assist families in making use of community resources; review test results to provide information about abilities, needs, achievements and interests; assist students with the maturation process; coordinate efforts with other school agencies; facilitate discussions with student groups; assist with in-service staff development for faculty; participate in curriculum development; lend support to school, career and personal plans; maintain confidences; and provide "preventative" counseling. School counselors are available to all secondary students through self-referral, teacher referral, parent referral, administrative referral, referral by a friend and psychological referral. Working papers are also available in the high school guidance office.

### SPEECH/LANGUAGE/HEARING

The district's speech, language and hearing specialists are available to help pupils improve their speech and language and to help diagnose expressive and receptive language problems that impede learning.

### COMMITTEE ON SPECIAL EDUCATION AND PRESCHOOL SPECIAL EDUCATION

Students who are suspected of having an educationally disabling condition, as defined in the regulations of the commissioner of education, are evaluated by the Committee on Special Education. Children who are receiving special education services are reviewed by this committee on an annual basis.

Referrals to the Committee on Preschool Special Education should be forwarded to the office of special education and pupil personnel services.

Contact James Cummings, assistant superintendent for pupil personnel services, at 631-274-4040.

### SPECIAL EDUCATION CLASSES

Classes are conducted at all grade levels for students who have special education needs. The intensity of service depends upon the prescribed recommendation of the student's Individualized Education Program (IEP). The students in our various programs are instructed and/or supported by certified special education personnel.

### HOME INSTRUCTION

Children who will be absent from school for a prolonged period of time due to illness or injury may be eligible to receive home on-site or virtual online instruction. Parents who wish to apply for such home instruction should secure the necessary application from the school nurse. A doctor's statement indicating the diagnosis, the estimated length of illness and assurance that the student is not contagious is required as part of the application.

The presence of an adult in the home is required during each on-site home tutoring session. A brief illness of a student can be covered by homework assignments obtained from teachers. At the secondary level, home tutoring either at home or virtually is necessary in order to meet the requirements of the district attendance policy.

### Immunization Requirements (Continued)

1. Demonstrated serologic evidence of measles, mumps, rubella, hepatitis B, varicella or polio (for all three serotypes) antibodies is acceptable proof of immunity to these diseases. Diagnosis by a physician, physician assistant or nurse practitioner that a child has had varicella disease is acceptable proof of immunity to varicella.
2. Diphtheria and tetanus toxoids and acellular pertussis (DTaP) vaccine. (Minimum age: 6 weeks.)
  - a. Children starting the series on time should receive a five-dose series of DTaP vaccine at ages 2, 4, 6, 15 through 18 months, and 4 years of age or older. The fourth dose may be received as early as age 12 months, provided at least six months have elapsed since the third dose. However, the fourth dose of DTaP need not be repeated if it was administered at least four months after the third dose of DTaP. The final dose in the series must be received on or after the fourth birthday.
  - b. If the fourth dose of DTaP was administered at age 4 years or older, the fifth (booster) dose of DTaP vaccine is not required.
  - c. For children born before Jan. 1, 2005, only immunity to diphtheria is required and doses of DT and Td can meet this requirement.
  - d. Children ages 7 through 10 years who are not fully immunized with the childhood DTaP vaccine series should receive Tdap vaccine as the first dose in the catch-up series; if additional doses are needed, use Td vaccine. A Tdap vaccine (or incorrectly administered DTaP vaccine) received at 7 years of age or older will meet the sixth-grade Tdap requirement.
  - e. For children 7 years of age or older who received the first dose on or after their first birthday, the immunization requirement is three doses. If the first dose was received before their first birthday, then four doses are required.
3. Tetanus and diphtheria toxoids and acellular pertussis (Tdap) vaccine. (Minimum age: 7 years.)
  - a. Students 11 years of age or older entering grades 6 through 12 are required to have one dose of Tdap. A dose received at 7 years of age or older will meet this requirement.
  - b. Students who are 10 years old in grade 6 and who have not yet received a Tdap vaccine are in compliance until they turn 11 years of age.
4. Poliovirus vaccine (IPV/OPV). (Minimum age: 6 weeks.)
  - a. Children starting the series on time should receive a series of IPV at ages 2, 4, 6 through 18 months, and 4 years of age or older. The final dose in the series must be received on or after the fourth birthday and at least six months after the previous dose.
  - b. For students who received their fourth dose before age 4 and prior to Aug. 7, 2010, four doses separated by at least four weeks is sufficient.
  - c. If the third dose of polio vaccine was received at age 4 years or older, and at least six months after first dose, the fourth dose of polio vaccine is not necessary.
5. Measles, mumps and rubella (MMR) vaccine. (Minimum age: 12 months.)
  - a. The first dose of MMR vaccine must have been received on or after the first birthday. The second dose must have been received at least 28 days (four weeks) after the first dose to be considered valid.
  - b. Students in grades kindergarten through 12 must have received two doses of measles-containing vaccine, two doses of mumps-containing vaccine and at least one dose of rubella-containing vaccine.
  - c. One dose of MMR is required for prekindergarten.
6. Hepatitis B vaccine.
  - a. Dose 1 may be given at birth or anytime thereafter. Dose 2 must be received at least four weeks (28 days) after dose 1. Dose 3 must be at least eight weeks after dose 2 AND at least 16 weeks after dose 1 AND no earlier than 24 weeks of age.
  - b. Two doses of adult hepatitis B vaccine (Recombivax) received at least four months apart at age 11 through 15 years will meet the requirement.
7. Varicella (chickenpox) vaccine. (Minimum age: 12 months.)
  - a. The first dose of varicella vaccine must have been received on or after the first birthday. The second dose must have been received at least 28 days (four weeks) after the first dose to be considered valid.
  - b. For children aged less than 13 years, the recommended minimum interval between doses is three months (if the second dose was administered at least four weeks after first dose, it can be accepted as valid); for persons aged 13 years and older, the minimum interval between doses is four weeks.
8. Meningococcal conjugate vaccine (MenACWY). (Minimum age: 6 weeks.)
  - a. One dose of meningococcal conjugate vaccine (Menactra or Menevo) is required for students entering grade 7.

9. Haemophilus influenzae type B conjugate vaccine (Hib). (Minimum age: 6 weeks.)
  - a. Children starting the series on time should receive Hib vaccine at 2 months, 4 months, 6 months and 12 through 15 months of age.
- Children older than 15 months must get caught up according to the ACIP catch-up schedule. The final dose must be received on or after 12 months of age.
  - b. If two doses of vaccine were received before 12 months of age, only three doses are required with dose 3 at 12 through 15 months of age and at least eight weeks after dose 2.
  - c. If dose 1 was received at ages 12 through 14 months of age, only two doses are required with dose 2 at least eight weeks after dose 1.

The **Free Application for Federal Student Aid (FAFSA)**, which will be available in the school counseling office in December, must be submitted in order to apply for any government financial tuition assistance. This form **cannot** be mailed until **Jan. 1, 2017**. Seniors who anticipate graduating in January and starting college next spring should file last year's FAFSA form as soon as possible. The **CSS Profile** financial aid form, required by some private colleges, is available in September in the school counseling office. A **Scholarship Bulletin** is mailed to the homes of every senior on a quarterly basis during the year. It contains information on scholarship eligibility criteria, instructions for applying and application deadlines. Many of the applications are available in the school counseling office. There will be a Financial Aid Night for parents and students in mid-December at the high school.

All seniors (students with more than 15 credits) who have attended Deer Park High School for two full years prior to the start of 12th grade are ranked (please see the course catalog on the high school website for course weighting). A student copy of the transcript is mailed to the homes of all seniors in late August. Please check it carefully. Seniors can see their counselors to find out their rank after that date.
